

# PREP Wash

## First Step Cleaner

**Step 1** of the Neutrasol Methamphetamine Decontamination System

### PREP Wash

Provides you with an effective and efficient way to prepare the surface prior to decontamination. It removes dirt and grease and starts the decontamination process. A great way to ensure you get maximum results from the foam in Step 2.

#### Directions

**Light to Medium Soiling:** Dilute at ratio of 1:20

**Medium to Heavy Soiling:** Dilute at ratio of 1:10

Dilute Prep Wash with Warm/Hot water. Apply (spray/foam/sponge) to all surfaces. Scrub all surfaces.

Thoroughly rinse all residue with warm water. Do not allow product to dry on surfaces. Dispose of liquid waste in accordance with local council requirements.

#### Features & Benefits

- Cleans away dirt and grease efficiently
- Saves time
- Prepares the surface for the decontamination foam in Step 2

#### Properties

Appearance:	Clear Blue Liquid
Fragrance:	Characteristic Perfume
Specific Gravity:	1.07
pH:	11.0
